

Security Cage for Camshelving®

The new Security Cage for Camshelving provides safe storage for valuables such as wine, champagne and spirits. It is also ideal for personal items such as purses and backpacks. Modular design fits onto one shelf or use several to secure an entire shelving unit. Easy to assemble. Fit on units 61 cm wide, 122 cm long, or longer.

Century™ Camtray®

The new Century Camtray has an innovative design that features low edges and open corners. The low profile design increases space utilization on the tray surface. This provides increased revenue opportunities as more items can be placed on the tray. Unique ergonomic corners enhance user comfort while dining because customers can comfortably rest their forearms on the flat corners. Made of durable fiberglass construction. Available in 36 x 46 cm and 38 x 51,5 cm. Stacking lugs allow free air circulation for fast drying and perfect stacking. Stacking capacity is 30% greater than regular trays. Five year guarantee against breakage during normal use. Dishwasher safe. Available in fifteen colors. Photo quality personalization also available.

Silver Polycarbonate Camcovers®

Silver Polycarbonate Camcovers are a lightweight, elegant alternative to metal plate covers. They are made of virtually unbreakable polycarbonate, so they retain their shape and appearance for years. They will not dent or scratch like metal and do not require polishing. Safe up to 99°C, these covers remain cool to the touch, making them easier and safer for employees to handle.
