Bonding Trip Team Alignment & Beyond 2008

Situated on the waterfront and just a 3 minutes drive from the ferry terminal, the Batam Holiday Inn Resort was selected this year for the company's team alignment programme.

More than a hundred participants got together for this weekend trip entitled "Beyond 2008". Aimed at fostering closer employee relationships and better teamwork, the 2 days/1 night programme included team building exercises both indoors and outdoors, a barbeque buffet dinner, a bingo session and a Chinese banquet lunch.

Immediately after checking-in to the spacious and well-appointed suites at the resort at about 9.30am, everyone gathered for the Team Alignment training. After lunch, the outdoor activities followed and the day's activities ended with an "Amazing Race" style treasure hunt.

Participants were pre-selected to form 10 teams (each team named after the various brands that we represent!) to compete against each other. At the end of all the activities, Team Giesser emerged as champions, narrowly beating Team Cerabon by a mere point and a half.

As the sun set, everyone was treated a sumptuous barbeque buffet by the resort's poolside. After dinner, some continued to party on till the wee hours, some chose to treat themselves to a spa indulgence, some headed for the pool tables, and the tired ones headed to bed early.

The highlight of the trip was the Bingo session. Lucky winners walked away with cash prizes as high as \$500! Of course, the monetary rewards were merely bonuses. What was really achieved was the sense of belonging to "one big family".

To the organizing committee, we say a big "Thank you"!
