

# wood mills

Premium Gourmet mills feature superior grinding mechanisms and are hand sanded to give an ultra smooth finish. Quality crafted mills designed in-house, manufactured and hand finished at Cole and Mason's wood turning factory in Bicester, Oxfordshire, all made from 100% natural beech sourced from sustainable forests in Denmark.

**gourmet windsor black gloss**

# inverta upside down mills

Inverta - the no mess mill! The Inverta mill has a spring-loaded ceramic mechanism at the top instead of the base - so no more salt or pepper residue left on the table
